COMPANY OVERVIEW

Founded in **2021**, Environ Plastic Technology W.L.L. has rapidly established itself as a reliable manufacturer of **HDPE** and **LDPE bio-degradable products**.

Our journey began with the need for reliable and cost-effective biodegradable plastic products in Bahrain. Recognizing the growing demand for sustainable plastic solutions, we set out to create high-quality, eco-friendly products that cater to various industries, including retail, healthcare, and hospitality.

Mission To lead in sustainable manufacturing, focusing on environmental **responsibility, innovation, and customer satisfaction**.

Vision Become an **industry leader** in the biodegradable plastic industry, recognized for our commitment to **sustainability, quality, and technological advancement**.

Company Values

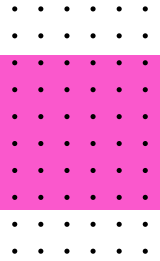

Sustainability We are committed to eco-friendly practices and producing biodegradable products.

Customer Focus We prioritize understanding and meeting the unique needs of our clients, and operating with strong ethical principles

Quality Our high standards ensure durable, reliable products through rigorous quality controls

Innovation We embrace cutting-edge technology and continuous improvement in all we do, to minimize waste & resource usage

PRODUCTS

HDPE Printed / Plain Bags

Our **HDPE printed** and **plain bags** offer exceptional durability, making them ideal for retail, promotional, and everyday use. **Highly customizable** in various sizes & printing color options.

LDPE Printed / Plain Bags

Our **LDPE printed** and **plain bags** provide superior flexibility and durability, making them perfect for a wide range of retail applications. Combines strength with a **polished appearance**.

BIOPACK by Environ

Our own line of non-printed bags crafted from biodegradable materials. Available in **various sizes**, Biopack offers general usage packaging solutions without compromising on quality or performance.

Garbage Bags (BLACK)

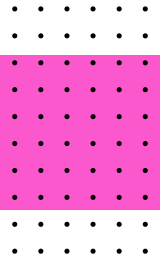

Engineered for durability and reliability, addressing a **wide range of waste disposal needs** across different industries. Offered in various sizes and capacities for handling diverse types of waste.

Medical Waste Bags (YELLOW)

Designed specifically for **medical waste disposal**, these yellow bags offer secure containment and clear identification, ensuring safe handling and disposal of hazardous materials.

PRODUCTS

Printed Pharmacy Bags

Designed for **handling prescriptions** and **medications**, these are offered in various printing colors and various sizes. Durable, professional, high-standard reliable packaging solutions for the healthcare sector.

Ice Bags

Crafted for optimal performance, these transparent ice bags feature **customizable designs** and robust construction, providing reliable packaging and preservation of ice cubes.

Packing Covers

Versatile transparent packing covers suitable for diverse applications, providing clear visibility and dependable protection for your items. These covers are ideal for **packaging a wide range of products**.

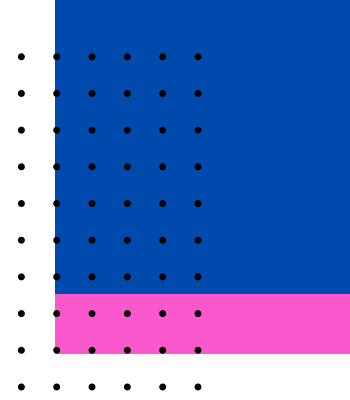

Laundry Rolls

Transparent laundry covers available in **customizable sizes** for storing clothes, offering clear visibility and tailored protection for your garments. They are suited for **various garment types** and storage needs.

Electrical Warning Tape

Available in **customizable sizes**, providing high visibility to mark underground electrical lines. It ensures safety during excavation, reducing the risk of damage to electrical installations.

INFRASTRUCTURE

Advanced Manufacturing Infrastructure

Equipped with **cutting-edge machinery and technology**, our facility supports efficient and precise production processes.

EXTRUDERS **5 high-capacity extruders** that ensure precise and efficient production of HDPE and LDPE materials, maintaining consistent quality across our product range.

CUTTING MACHINES **4 high-tech cutting machines** enable streamlined manufacturing processes, ensuring precise cutting and sizing of our plastic products to meet client specifications and industry standards.

PRINTING MACHINES **4 state-of-the-art printers**, support high-resolution printing on our HDPE and LDPE bags. We operate **6 and 8-color printing machines** to offer diverse and vibrant prints for our customers

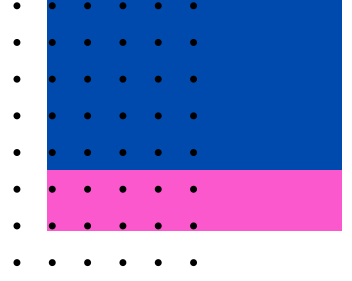

Efficiency and Scalability

Operating with a dedicated team of skilled machine operators in two shifts, we ensure round-the-clock production to maximize efficiency and meet stringent delivery timelines.

OUR TEAM Our **dedicated machine operators** are our backbone, embodying our values of precision, reliability, and commitment to delivering superior plastic products tailored to meet the needs of our clients.

TEAM COMMITMENT Our round-the-clock operation maximizes production efficiency, allowing us to **meet tight deadlines and deliver high-quality products consistently**.

SALES & ENQUIRIES

Our dedicated sales team plays a pivotal role in understanding and meeting the unique needs of our customers. With extensive experience in the industry, our team excels in delivering **tailored solutions and competitive pricing.**

Beyond transactions, our sales team focuses on building enduring relationships with customers. By cultivating partnerships based on reliability & transparency, we aim to become **trusted advisors and preferred partners** in the industry.

Our sales team acts swiftly to **address inquiries, provide information, and offer timely quotations.** This proactive approach ensures that customers receive prompt and accurate responses, fostering trust and confidence in our services.
